DHL's Liability

1.1 DHL's liability in respect of any one Shipment transported by air (including ancillary road transport or stops en route) is limited by the Montreal Convention or the Warsaw Convention as applicable, or in the absence of such Convention, to the lower of (i) the current market or declared value, or (ii) 19 Special Drawing Rights per kilogram (approximately \$ US 26.00 per kilogram) Such limits shall also apply to all other forms of transportation, except where Shipments are carried only by road, when the limits below apply.

For cross border Shipments transported by roads, DHL's liability is or shall be deemed to be limited by the convention for the International Carriage of Goods by Road (CMR) to the lower of (i) current market value or declare value, (ii) 8.33 Special Drawing Rights per kilogram (approximately \$ 14.00 per kilogram). Such limits will also apply to national road transportation in the absence of any mandatory or lower liability limits in the applicable national transport law.

If Shipper regards these limits as insufficient it must make a special declaration of value and request insurance as described in Section 2 or make its own insurance agreements.

DHL's liability is strictly limited to direct loss and damage to a Shipment only and to per kilogram limits in this Section 1. All other types of loss or damage are excluded (including but not limited to lost profits, income, interests, and future business), whether such loss or damage is special or indirect and even if the risk of such loss or damage was brought to DHL's attention.

1.2 DHL will make every reasonable effort to deliver the Shipment according to DHL's regular delivery schedules, but these schedules are not binding and do not form part of the contract. DHL is not liable for any damages or loss caused by delay, but for certain Shipments, Shipper may be able to claim limited delay compensation under the Money Back Guarantee terms and conditions, which are available on the DHL website (www.dhl.com) or from DHL Customer Service.
